

ALL-IN-ONE, PERSONALIZED Cost Containment Solution

**A benefit designed to keep
your members On-Goal!**

WHY DO EMPLOYERS NEED A HEALTHCARE COST CONTAINMENT SOLUTION?

Nationally, we are confronted with a diabetes epidemic. For employers, the growing diabetes population creates significant increases in health care cost.

It is important for employers to provide programs that educate and encourage employees with diabetes to be compliant with testing and medication. It is also important for employees to learn the benefits of transitioning into living a healthier lifestyle.

An effective digital diabetes-management program is imperative.

WHAT IS ON-GOAL?

On-Goal is a health and wellness program designed to increase employee compliance and improve overall health while reducing employer health care costs. Choose the programs needed to create your personalized On-Goal program.

Programs include:

DIABETES SUPPLY MANAGEMENT

Designed to help reduce A1C, increase compliance, prevent or reduce complications, and help improve health of employees

HEALTH COACHING

One-on-one nutritional education by Registered Dietitians with support and motivation to make lasting lifestyle changes

MEDICATION SUPPLY PROGRAM

Mail order delivery program provides up to 90 day supply of generic medications to improve compliance

TOP REASONS TO CHOOSE ON-GOAL:

01

CUSTOMIZABLE

Multiple options available. Combine or use independently to provide a complete benefit package

02

INEXPENSIVE

Inexpensive to get started - only pay for employees who use the program

03

EASY IMPLEMENTATION

Implementation and on-boarding is easy with turnkey program roll-out

04

MONTHLY REPORTING

Monthly reporting is provided to measure ROI. Your return will grow as more employees enroll!

RESULTS

We have leveraged our health management expertise, select partnerships, and medical supply pricing efficiencies to form comprehensive programs that help you:

IMPROVE

Population Health

INCREASE

Employee Performance

BOOST
